

Victor Hristov

Senior Software Engineer (Frontend-focused / Full-stack)

Sofia, Bulgaria · victor.hristov87@gmail.com · github.com/VictorIvanov87

SUMMARY

Senior software engineer with 10+ years of experience delivering high-quality web applications with React, Angular, and TypeScript. Specialized in content platforms and headless CMS delivery, large-scale frontend modernization, and performance, with full-stack experience across Node.js and Docker.

SKILLS

Core: React, Next.js, TypeScript, JavaScript, Angular, Node.js, Redux, Jest, Tailwind CSS, WordPress / headless CMS, Docker, GraphQL, Git, Agile & Scrum

WORK EXPERIENCE

Major US sports organization (team sites, content & web statistics)

Senior Web Full-stack Developer · **Sep 2025 – Present**

- Build and maintain features and statistics experiences for team websites on a modern React/Next.js + WordPress stack
- Drive code quality through in-depth code reviews, expanded automated test coverage, and technical-debt reduction
- Mentor junior engineers and support stable, predictable delivery

Technologies: React, Next.js, TypeScript, Node.js, WordPress, Tailwind CSS, Jest

US building-materials manufacturer (multi-year engagement)

Web Front-end Developer · **Nov 2017 – Jun 2023**

- Led key parts of a large AngularJS → React migration, balancing delivery and risk across a multi-year modernization
- Delivered customer-facing web apps end-to-end: a dealer locator (Google Maps), an in-store kiosk app with offline/caching constraints, and WordPress marketing-site integrations
- Raised quality through unit testing, performance optimization, and code reviews

Technologies: React, Redux, TypeScript, AngularJS, WordPress, Google Maps API, Jest, Docker

Education & internal platforms (video learning + certificate management)

Web Front-end Developer · **Nov 2023 – Jun 2024**

- Built features for a video-sharing learning platform and an internal certificate issuance & revocation platform
- Handled integrations with internal systems, improved stability and performance, and delivered comprehensive testing

Technologies: React, Redux, Chakra UI, Angular, TypeScript, Jest

Digital health coaching & analytics platform (multi-portal)

Web Front-end Developer · **Nov 2016 – May 2018**

- Delivered features across client, coach, and admin portals: chat, file sharing, roles & permissions
- Collaborated closely with a .NET backend team on end-to-end integration

Technologies: AngularJS, JavaScript, HTML/CSS

EDUCATION

Bachelor's Degree, Transportation Engineering, Todor Kableshev University of Transport

2011–2015

CERTIFICATIONS & TRAINING

Microsoft Certified: Azure AI Engineer Associate (AI-102)

Jun 2025

React Proficient & React Native Professional (internal engineering academy)

Jan 2024
